Our family has been in the art business for over 40 years. While growing up in Queens, New York, I started working at my uncles Art Gallery in Manhattan at the age of 16. At first I was trained as a custom framer then later I learned the art of customer service and of giving advice on the many artistic ways to frame objects. I started to master the ways in which to pick matte colors and frame styles to best fit a picture. Over the years I have framed everything from Jerseys to rugs to baseball bats, swords, guitars to many more objects. I can frame almost anything.

I chose to open in Whippany because I have lived in Parsippany for the past 23 years. I know the area very well and it is a great community in which to be a part of. I want to bring my years of experience to this area and provide quality custom framing services at wholesale prices.

At Picture Framing Outlet we pride ourselves in providing excellent customer service. We never rush our customers and we provide professional artistic free estimates. We always try to find a framing option to meet any budget. All of our materials are of the highest quality. We offer acid free mattes, thousands of frames to chose from, many glass options (non-glare, acrylic glass, UV protected, museum quality etc.) all professionally assembled at the lowest prices in New Jersey. Come in for a free estimate.

I joined the Chamber of Commerce because I feel it is very important to be involved in our community. I would like to bring quality businesses into our area and service our community. Also I would like to grow and improve all the existing businesses we have here. This will enrich our community while providing jobs. I feel it is our duty to try and help our communities.

Feel free to stop by **Picture Framing Outlet** for a free estimate or just to say hello. We are conveniently located on the corner of Route 10 and Troy Hill Road. We are right across from Molly Malon's and the new CVS. We have plenty of parking in the back.
